

The Florida Keys & Key West offer the greatest variety of fishing in the world. Whether you want to prowl the reefs and wrecks after yellowtail and grouper, stalk the backcountry in search of elusive bonefish, tarpon or permit, or troll the blue waters for dolphin and sailfish, there's a tournament to fit the bill.

Twelve months a year in The Florida Keys you can compete for prizes, cash, trophies or just personal satisfaction.

This is your guide to the greatest number and variety of tournaments ever assembled in one area. It will tell you everything you need to know. Except how to win.

Of course, while not a month goes by that there isn't a fishing tournament in The Florida Keys, nobody can compete with the day-to-day angling opportunities we offer. From the remote backcountry creeks of the Everglades to the cobalt-blue waters of the Gulfstream, no one has more ways to wet a line.

One of the simplest ways to fish the Keys is to hop aboard a party boat and head offshore for a morning, afternoon or evening. From grouper to mutton snapper

to kingfish to dolphin, the possibilities truly are endless. For something more personalized, try one of our renowned charter captains for a true deep-sea adventure. Possible encounters include sailfish, marlin, tuna, wahoo, sharks, cobia, amberjack and yellowtail, to name a few.

If your preference is light-tackle angling, hire one of our accomplished inshore or backcountry guides and stalk some of the most elusive creatures that swim. Flats fishing combines the skills of hunting and fishing as you pursue wily gamesters such as bonefish, tarpon, snook, redfish and the cagey permit. Flats fishing also requires stealth, patience and, more than anything, keen eyesight. So don't forget your polarized sunglasses.

Of course, hiring a guide or charter boat is only one way to fish the Keys. Feel free to bring your own boat, or simply try your luck along one of our designated fishing bridges.

Islamorada Junior Sailfish Tournament

Director: Tammie Gurgiolo (305) 852-9337 Location: Islamorada

TIPS FOR BOATERS & FISHERMEN

Dumping trash at sea is illegal; plastic bags & other debris can injure or kill marine animals. Retrieve fishing gear & equipment, especially monofilament line. Accidental boat groundings damage the reef. Prop damage destroys shallow seagrass beds. Consult tide and navigational charts & steer clear of shallow areas. Remember, "Brown, brown, run aground. Blue, blue, sail on through." Use reef mooring buoys or anchor in sandy areas away from coral & seagrasses so you do not damage the coral or seagrass beds. Use sewage pump-out facilities, biodegradable bilge cleaner and never discharge sewage or bilgewater at the reef. Maintain safe distances from fishermen. Observe size & catch limits; release all fish you can't eat. Avoid wildlife disturbance; stay 200 feet or more offshore; keep speed, noise & wakes to a minimum near mangroves.
